“Effective fight against trafficking in human beings”

**Type:** HORIZON-IA  
HORIZON Innovation Actions

*VANGUARD aims to strengthen the fight against trafficking in human beings (THB) through the provision of **improved intelligence picture**, delivery of **advanced and trustworthy suite of tools**, and realisation of **innovative training activities***

# VANGUARD Objectives (1/2)

01

Provide an improved and comprehensive **intelligence picture** of (cross-border) THB-related criminal activities and establish an enriched common **understanding** of the trafficking chain

02

Develop improved and trustworthy **AI-based innovative tools and solutions** for detecting, identifying, investigating, preventing, and overall disrupting **online-facilitated THB activities**

03

Develop improved and trustworthy **AI-based innovative tools and solutions** for detecting, identifying, investigating, preventing, and overall disrupting THB activities at **(border) checkpoints**

04

Provide enhanced **decision support and investigation methodologies and processes** derived from the capabilities offered by a trustworthy, transparent, modular, and easy-to-use suite of tools and the insights obtained through the captured intelligence picture

# VANGUARD Objectives (2/2)

05

Enable continuous evaluation and improvement of overall **capacity building** of security practitioners (Police and Border Guards Authorities) and their **training** over the developed tools and solutions to enhance uptake of new technologies for existing and emerging capability gaps

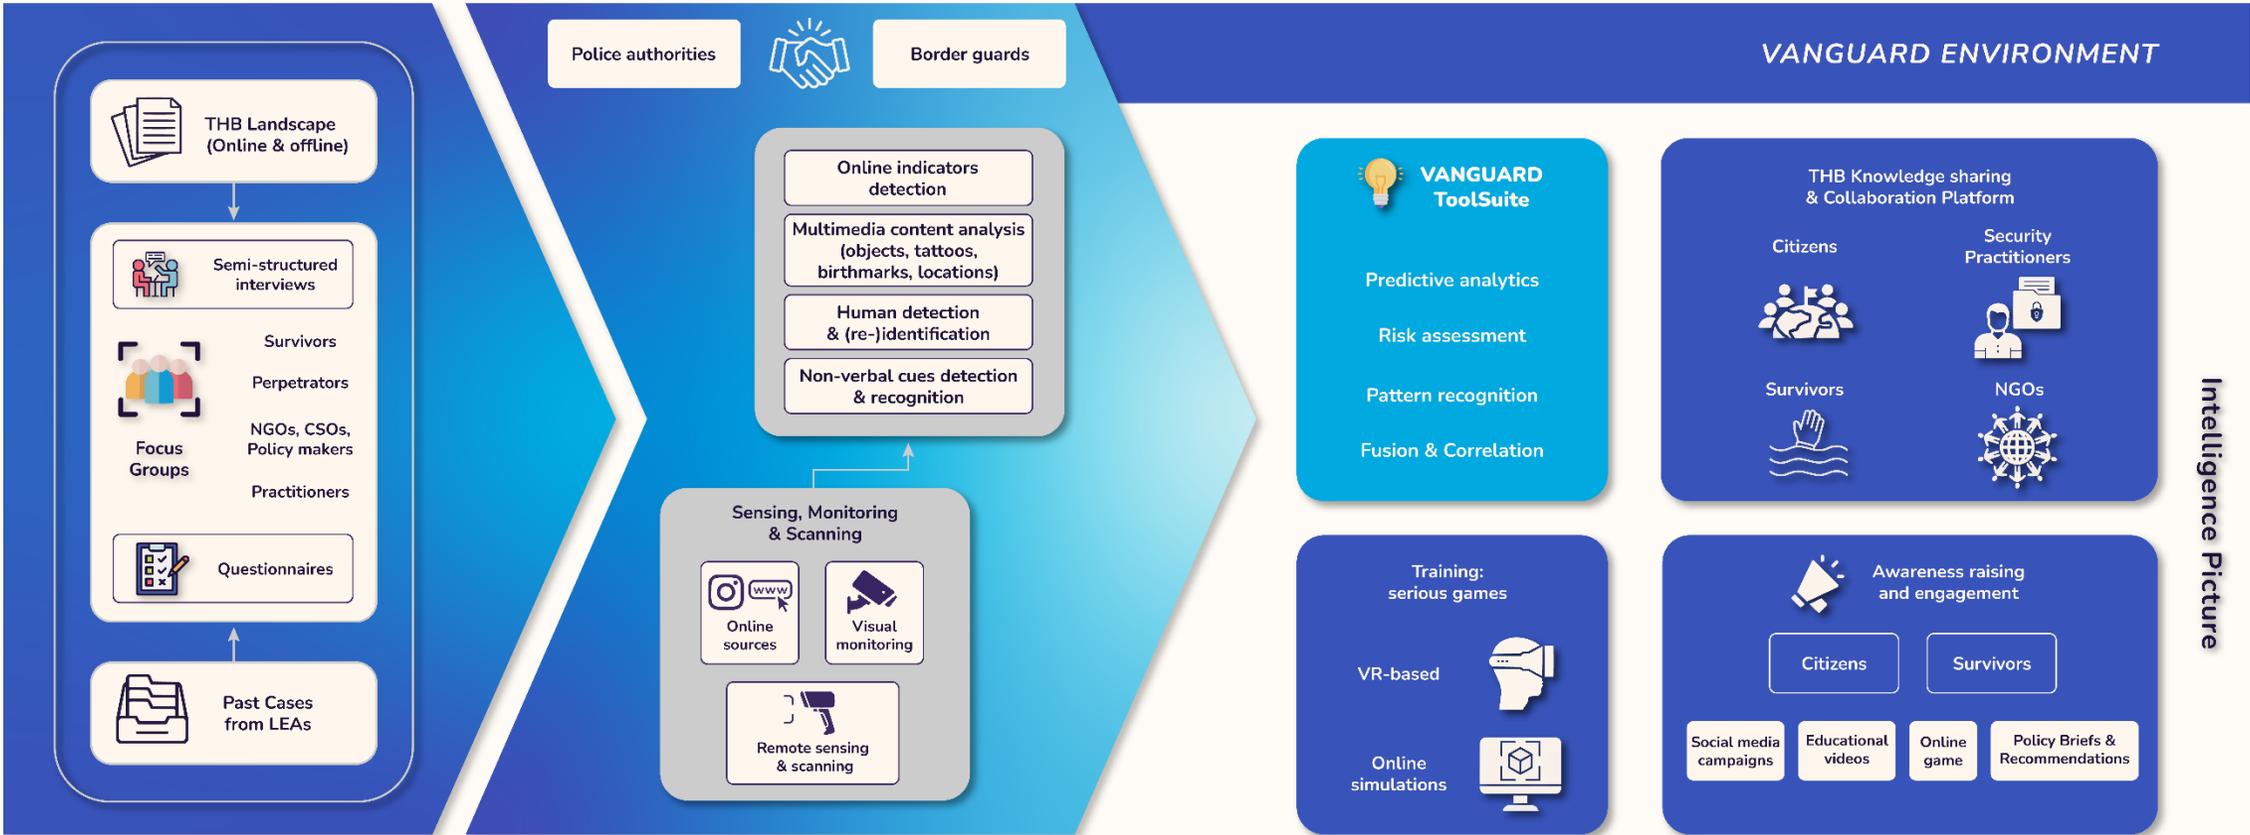

06

Promote **cooperation** through improved knowledge sharing and communication, **raise awareness** through campaigns and initiatives, and deliver enhanced regulation shaping through **policy recommendations** on the basis of the obtained insights and knowledge

07

**Exploit** VANGUARD's main results by exploring their wider use, sustainability, and business feasibility, **collaborate with relevant initiatives** to enable further results uptake opportunities

# VANGUARD Concept

## Legal & Ethical Overview

# VANGUARD Pilot Use Cases
