VANGUARD

ad**VAN**ced technolo**G**ical solutions
coupled with societal-oriented
Understanding and **AwaR**eness for
Disrupting trafficking in human beings

OBJECTIVES

UNDERSTAND

Build an improved and comprehensive intelligence picture of (cross-border) THB activities, fostering a shared understanding of the online and offline trafficking chain

EMPOWER

Provide Police Authorities and Border Guards with advanced, trustworthy, and user-friendly AI tools, nabling improved decision support and investigation methodologies

RECOMMEND

Formulate strategic policy recommendations grounded on insights and knowledge obtained through project activities

COLLABORATE

Promote multilevel and international cooperation through improved knowledge sharing and communication among relevant actors and stakeholders

RAISE AWARENESS

Improve the level of awareness of online/offline THB through promotional campaigns, informative material, and a Web-based game

TRAIN

Enhance capacity building of security practitioners through training based on VR serious games and innovative learning methods

PILOT USE CASES

Detecting, identifying, investigating, and preventing online-facilitated THB activities

Detecting, identifying, and investigating THB activities at airport and land checkpoints

Enhanced investigation processes and cooperation for disrupting the trafficking chain
